RE: Membership in a Security Threat Group (Academy Homes)

In a memorandum dated November 12, 2008 you were notified that you had been identified as a member of a security threat group and that you had five days from receipt of notification to contact the inner perimeter security team to request a meeting with the Chief of Investigative Services to dispute this identification. Since you did not request a meeting, this is to advise you that your identification as a member of a Security Threat Group has been validated.
